Emerald Eyes

Eric Johnson

When I go and I get lonely
I begin to think of you
But I know a dream is only
I'm a foolSomeone said that you'd be long gone
Not to waste my time on you
I see you everyday and sunshine
I'm a fool
Am I the fool to you? Oh yeahEmerald eyes I see you somewhere
Why your eyes so blue?
Love can be like holding your breath
Is that the way fools do?Haven't time to talk about it
I admit I've been a fool
Thought I shouldn't think about it
I need you can't stop this feeling
Am I the fool to you?Emerald eyes I see you somewhere
Why your eyes so blue?
Love can be like holding your breath
Is that the way fools do?Emerald eyes I see you somewhere
Why your eyes so blue?
Love can be like holding your breath
Is that the way fools do?Emerald eyes I see you somewhere
Why your eyes so blue?
Love can be like holding your breath
Is that the way fools do?
