Best Looking Boys

The Promise Ring

By the way I say your name
I always know, and by the way, I always say your name
So lets talk about anything, you make up drinks, I'll make up things
And we're never boring, 'cause nobody knowsBy the way I say your name
I always know, and by the way, I always say your name
That nothing changes but the words and the weather it's better
So we'll get older and we'll get goodMichael D., David K., best looking boys
Michael D., David K., best looking boys
Michael D., David K., best looking boys go all the way
Home is where they hang out, it's where they go
Best looking boys go all the way
