Dead Call

Suicide Commando

Face down to the ground
Come and punish me
Blood, bodies never found
Bend down and shoot me
Tears dripping of my face
God, don't you hate me ?
God, don't you hate me ?
Tears for my own disgrace
Why don't you hate me ?Dead children call meI hear dead children call my name
Please don't you hurt me
Please don't you hurt me
dead children call my name
Please can't you save me
Please can't you save meDead call
