

# Tell Me Why

## Unwritten Law

Hey Mr. God, can you tell me  
What's wrong with my life and all of it's confusions?  
Why did she leave me with nothing to show  
Except for a shallow disillusion?'Cause I can't seem to figure out you feel this way  
And I guess I'm to blame  
If I told you that I didn't care about this place  
Would you think of me the same? Could you please tell me why?  
Could you please tell me why?  
Could you please tell me why?  
Why I can't ever find the answer to something I will never understand?  
Could you please tell me why? I sit back thinking that there once was a time  
A time where everything was perfect  
It seems the things we shared were so far behind  
Behind but we're never getting closer 'Cause I can feel your shadow hanging over me  
And I'm just peering through the light  
And now I realized you never really cared for me  
Will I ever see? Could you please tell me why?  
Could you please tell me why?  
Could you please tell me why?  
Why I can't hold on to the person that I tried so hard to find?  
Could you please tell me why? Could you please tell me why?  
Could you please tell me why?  
Could you please tell me why?  
Why I can't ever find the answer to something I will never understand?  
Could you please tell me why?
