Dangerous Connection

O.A.R.

I never wanted anything like this
You're right beside me, don't know who I missed
Send me a smile, I know you'll do your best
Your heart's a suspect are we faking this
All I can say it's a big surprise
Watching those colors change inside your eyes
Blue to gray, yeahI turn away
All it does is turn you on
All it does is turn you onBaby this night was all a dream
Maybe daylight won't ask me questions
Maybe this night was all a dream
A dangerous connection
What a dangerous connection
What a dangerous connectionYou seem to find a way to tear apart
Every discussion leaves new battle scars
When it hurts to love you
I just numb the pain
But I'm having trouble feeling anything
And you want for answers
And I can't reply
Take my advances
Is my way to try
You again, yeahI turn away
All it does is turn you on
All it does is turn me onBaby this night was all a dream
Maybe daylight won't ask me questions
Maybe this night was all for me
A dangerous connectionMaybe this night was all a dream
Maybe daylight won't ask me questions
Maybe this night was all for me
A dangerous connectionMaybe this night was all a dream
Maybe daylight won't ask us questions
Maybe this night was all for me
Oh maybe everything is a dangerous connection
Dangerous connection
