

# I'm a Disaster

## Ghost Town

Advisory - the following lyrics contain explicit language:

I'm your very own personal distraction  
Can't you ignore me, would call a disaster  
I can't get you out of my head  
You're diggin' through my brain and takin' what I said  
Some things are better not rememberin' at all  
Stop trying to fix me, if I'm my flaws  
Why can't you just take me for what I am  
Just take me for what I am  
I'm a disaster, I'm a fuckin' mess  
Always losing. Always bruising.  
Never faked it. I'm never changin'.  
I'm a disaster.  
I'm a fuckin' mess.  
Always losing. Always bruising.  
Never faked it. I'm never changin'.  
I'm a disaster.  
Some people wonder,  
How I can fall asleep at night.  
I'll rest in pieces feeling right.  
One step to far.  
One breathe too late.  
I've hit wall. I cant escape.  
I'm screaming out.  
I'm screaming out!  
I'm a disaster!  
I'm a disaster.  
I'm a fuckin' mess.  
Always losing. Always bruising.  
Never faked it. I'm never changin'.  
I'm a disaster.  
I'm a fuckin' mess.  
Always losing. Always bruising.  
Never faked it. I'm never changin'.  
I'm a disaster.  
I'm looking into my soul.  
I see this stranger.  
I'm looking back at myself.  
Who is this creature?  
Reflecting back on my life,  
Through this mirror.

I'm looking down at these scars...I'm a disaster...  
I'm a fuckin' mess.  
Always losing. Always bruising.  
Never faked it. It's time to change this.  
I'm a disaster.  
I'm a fuckin' mess.  
Always losing. Always bruising.  
Never faked it. It's time to change this.I'm a disaster.  
I'm a fuckin' mess.  
Always losing. Always bruising.  
Never faked it. It's time to change this.  
I'm a disaster.  
I'm a fuckin' mess.  
Always losing. Always bruising.  
Never faked it. It's time to change...Its time to change this.
