Set Free

Craig's Brother

I guess there's only one place to go from here
I think the options are clear anyway
I'm sure you're tired of waiting for me
To figure out where you fit inI guess I'm afraid of what we could be
'Cause I don't want to sell you short of your dreams
I'm sorry for making you wait for me
'Cause I don't want to hold you downBut I don't want to set you free
I don't want to make you run from me
I guess it's hard to believe that I
Could make myself give upAfter all this time you and me
Trying hard to make sense of our differences
Pretending we both had everythingI guess I believed in our fantasy
You only loved the one you wanted me to be
I'm sorry for breaking your faith in me
I don't want to hold you downBut what if you're more than I could please
Could you accept apologies?
I don't want to squander all your time
I don't want to mislead youI think we both knew that it was done
Sorry I had to be the one
Sometimes I wish it were the other way around
I wish you weren't supposed to be set free
