I Wanna Go Too Far

Trisha Yearwood

Everything in moderation, that's the way it's always been Never gettin' out of control never hanging it out Always reelin' it in I saved my money for a rainy day But now I've had enough of playin' it safe I want to go too far, I want to go too fast Somebody draw the line so I can blow right past I want to spend too much, I want to stay too late I'm gonna roar too loud, I'm gonna be that way I want to play too hard, I want to go too farI'm the one they all depend on Sensible, predictable, and strong But every now and then, I feel like I've played that role too long I need to rock the boat, I need to speak my mind Just this once let it all unwindI want to go too far, I want to go too fast Somebody draw the line so I can blow right past I want to spend too much, I want to stay too late I'm gonna roar too loud, I'm gonna be that way I want to play too hard, I want to go too farI've gotta set this spirit free That's hiding here inside
