# Trippin

## DDCâˆ†â€

You-You-You got me trippin baby. You drive a player crazy. I'll do whatever lady. Just let me ride with you tonite. You got me trippin baby. You drive a player crazy. I'll do whatever lady. Just let me ride with you tonite. Baby girl, whats you trippin on? I see you sippin on that margarita. Fine little mamacita. Im really tryin to meet cha. You see me in the club with my thugs, the sneakers. You wanna know how we got in with hoe backs and wife beaters. Ay chulita, don't even trip. Your body is beatin like the Bloodz and Crips. And I came from Long Beach all the way to Phoenix to ride with Magic. Gonna go and see this. Like 40 say, it must be the Nay-Nays. Baby Im a hustle, only trippin on pay days. You got me trippin tryin to make you my lady. Tell me what's you sippin, I got you baby. Hard rock body with your hard rock life. You got a real hard brother tryin to be real polite. Better yet, Im tryin to be nice. And if I give it to you once your gonna beg for it twice.
You got me trippin baby. You drive a player crazy. I'll do whatever baby. Just let me ride with you tonite. You got me trippin baby. You drive a player crazy. I'll do whatever lady. Just let me ride with you tonite.

Im in that black stretch navi. Mobbin through the club. Another show today and us ridaz gettin love. You in that black dress, causin the commotion. I must be trippin, everythings in slow MOTION. Whoa! Its like the matrix, incredible. A pretty girl with a body, unforgettable. Mamacita from the valley. She got me knowin that Im goin back to Cali. I got a proposition. Cause girl you got me trippin. Lets make a crazy video like you was Paris Hilton. And after that we can do anything. Pop the Champaign, and take a private plane. We out in Vegas, doin big things. Im down for whatever. Girl tell me your name. Cause I just wanna get to know you better. Talk a little bit and take a shower together.
You got me trippin baby. You drive a player crazy. Ill do whatever lady. Just let me ride with you tonite. You got me trippin baby. You drive a player crazy. I'll do whatever lady. Just let me ride with you tonite.
Yeah, now this right here is a dedication. To baby last nite, congratulations. I usually wake up real discussed. But you aint like most of the other broads I brusted. Most of the time when a player shove it. I like that ass a lot but I never love it. See Im gonna keep that, keep it fly. And I thought I'd be a player until the day I die. But somehow you got up in my dome. And begged JT to take ya home. Once we got there, all was good. You put it on a pimp like I didnt think you could. Your super thick and extra pretty. The kinda chick you usually find up Magic City. Her eyes were green and her skin was brown. I looked, wow, and then Mamacita kicked me down.
You got me trippin baby. You drive a player crazy. I'll do whatever lady. Just let me ride with you tonite. You got me trippin baby. You drive a player crazy. i'll do whatever lady. Just let me ride with you tonite
