

G.U.Y.

Lady Gaga

Greetings from Eros

God of sexual desire

Son of Aphrodite

Lay back and feast as this audio guides you through new and exciting positions I wanna be the girl under you

I wanna be your G.U.Y.

Yeah I wanna be the grave, unearth you

Our sex doesn't tell us no lies I'm gonna wear the tie, want the power to leave you

I'm aimin' for full control of this love (Of this love)

Touch me touch me, don't be sweet

Love me love me, please retweet

Let me be the girl under you that makes you cry (Chorus)

I wanna be that G.U.Y.

I wanna be that G.U.Y.

I wanna be that G.U.Y.

The girl under you, G.U.Y. I'm gonna say the word and own you

You'll be my G.I.R.L

Got our romance and loves to hold you

Know you'll wear my makeup well I'm gonna wear the tie, want the power to leave you

I'm aimin' for full control of this love (Of this love)

Touch me touch me, don't be sweet

Love me love me, please retweet

Let me be the girl under you that makes you cry (Chorus)

I wanna be that G.U.Y.

I wanna be that G.U.Y.

I wanna be that G.U.Y.

The girl under you, G.U.Y. I don't need to be on top to know I'm worth it

Cuz I'm strong enough to know the truth

I just want it to be hot

Because I'm best when I'm in love, and I'm in love with you Touch me touch me

(Mount your goddess)

Touch me touch me

(A summer moon comes into full phase)

Get on top of me

(And Mars' warm spirit rams into the atmosphere)

Touch me touch me, don't be shy

I'm in charge like a G.U.Y.

I'll lay down, face up this time

Under you, like a G.U.Y. (Chorus)

I wanna be that G.U.Y.

I wanna be that G.U.Y.
I wanna be that G.U.Y.
The girl under you, G.U.Y.
I wanna be that G.U.Y.
I'll wrap you right up, G.U.Y.
I'll lie down face up, G.U.Y.
The girl under you, G.U.Y. Achtzehn, sechzen
Fourteen, vierzehn
