Beautiful Pain

Eminem

I can feel the heat rising
Everything is on fire
Today is a painful reminder of why
We can only get brighter
The further you put it behind ya
But right now I'm on the inside
Lookin out, causeI'm standing in the flames
It's a beautiful kind of pain
Setting fire to yesterday
Find the light, find the light, find the lightI'm standing in the flames
It's a beautiful kind of pain
Setting fire to yesterday
Find the light, find the light, find the lightYesterday was the tornado warning, today is like the morning after
Your world is torn in half, you wake and let's wait to start the morning process
Rebuilding and you're still a work in progress
Today is a whole new chapter, it's like an enormous a**
The thunderstorm has passed ya
Your weather didn't poke his eyes out with the thorn bush that you
Used to smell the roses, stopped to inhale can't even tell your nose is stuffed
So focused on the brightside, then you floor the gas pedal
And hit the corner fast, the more asserted
Never looking back, may hit the curb
But everyday is a new learning curve, as you, steer through life
Sometimes you might not wanna swerve
But you have to to avert a disaster, lucky, no permanent damage
Cause they hurt you so bad, it's like they murdered your a**
And threw dirt on your casket, but you returned from the ashes
And that hurt that you have, you just converted to gasoline
And while you're burning the past, standing at inferno and chantI'm standing in the flames
It's a beautiful kind of pain
Setting fire to yesterday
Find the light, find the light, find the lightI'm standing in the flames
It's a beautiful kind of pain
Setting fire to yesterday
Find the light, find the light, find the lightSo familiarize with what having to swallow this pill is like
It happens all the time, they take your heart and steal your life
And it's as though you feel you've died because you've been killed inside
But yet you're still alive which means you must survive
Although today you may weep because you're weak and

Everything seems so bleak and hopeless
The light that you're seeking, it begins to seep in
That's the only thing keepin' you from leapin' off the motherfreaking deep in
And I'm pulling for you to push through this feeling
And with a little time that should do the healin'
And by tomorrow you may even feel so good that you're willing
To forgive them even after all that s*** you been put through
This feeling of resilience is building and the flames are burning
Quick as fire would through this building, you're sealed in
But you're fireproof and retardant you withstood it
And as you climb up to the roof you're just chillin' and you look down
Cause you're so over them you could put the heel of your foot through the ceilin'As time passes, things change everyday
But wounds, wounds heal
But scars still remaining the same
But tomorrow today's goin' down in flames
Throw the match at the passed up placeSo feel the fire beneath your feet
As you barely even perspire from the heat
Exhale deep and breathe a sigh of relief
And as you say goodbye to the grief
It's like watching the walls melt in your prison cell
But you've extinguished this living hell
Still a little piece of you dies, you screamI'm standing in the flames
It's a beautiful kind of pain
Setting fire to yesterday
Find the light, find the light, find the lightI'm standing in the flames
It's a beautiful kind of pain
Setting fire to yesterday
Find the light, find the light, find the lightFeel the burn, watch the smoke as I turn
Rising, a phoenix from the flames
With wings I will flyI'm standing in the flames
It's a beautiful kind of pain
Setting fire to yesterday
Find the light, find the light, find the lightI'm standing in the flames
It's a beautiful kind of pain
Setting fire to yesterday
Find the light, find the light, find the light
