

# Beautiful Pain

## Eminem

I can feel the heat rising  
Everything is on fire  
Today is a painful reminder of why  
We can only get brighter  
The further you put it behind ya  
But right now I'm on the inside  
Lookin out, cause I'm standing in the flames  
It's a beautiful kind of pain  
Setting fire to yesterday  
Find the light, find the light, find the light I'm standing in the flames  
It's a beautiful kind of pain  
Setting fire to yesterday  
Find the light, find the light, find the light Yesterday was the tornado warning, today is like the morning after  
Your world is torn in half, you wake and let's wait to start the morning process  
Rebuilding and you're still a work in progress  
Today is a whole new chapter, it's like an enormous a\*\*  
The thunderstorm has passed ya  
Your weather didn't poke his eyes out with the thorn bush that you  
Used to smell the roses, stopped to inhale can't even tell your nose is stuffed  
So focused on the brightside, then you floor the gas pedal  
And hit the corner fast, the more asserted  
Never looking back, may hit the curb  
But everyday is a new learning curve, as you, steer through life  
Sometimes you might not wanna swerve  
But you have to to avert a disaster, lucky, no permanent damage  
Cause they hurt you so bad, it's like they murdered your a\*\*  
And threw dirt on your casket, but you returned from the ashes  
And that hurt that you have, you just converted to gasoline  
And while you're burning the past, standing at inferno and chant I'm standing in the flames  
It's a beautiful kind of pain  
Setting fire to yesterday  
Find the light, find the light, find the light I'm standing in the flames  
It's a beautiful kind of pain  
Setting fire to yesterday  
Find the light, find the light, find the light So familiarize with what having to swallow this pill is like  
It happens all the time, they take your heart and steal your life  
And it's as though you feel you've died because you've been killed inside  
But yet you're still alive which means you must survive  
Although today you may weep because you're weak and

Everything seems so bleak and hopeless  
The light that you're seeking, it begins to seep in  
That's the only thing keepin' you from leapin' off the motherfreaking deep in  
And I'm pulling for you to push through this feeling  
And with a little time that should do the healin'  
And by tomorrow you may even feel so good that you're willing  
To forgive them even after all that s\*\*\* you been put through  
This feeling of resilience is building and the flames are burning  
Quick as fire would through this building, you're sealed in  
But you're fireproof and retardant you withstood it  
And as you climb up to the roof you're just chillin' and you look down  
Cause you're so over them you could put the heel of your foot through the ceilin'  
As time passes, things change  
everyday  
But wounds, wounds heal  
But scars still remaining the same  
But tomorrow today's goin' down in flames  
Throw the match at the passed up place  
So feel the fire beneath your feet  
As you barely even perspire from the heat  
Exhale deep and breathe a sigh of relief  
And as you say goodbye to the grief  
It's like watching the walls melt in your prison cell  
But you've extinguished this living hell  
Still a little piece of you dies, you scream  
I'm standing in the flames  
It's a beautiful kind of pain  
Setting fire to yesterday  
Find the light, find the light, find the light  
I'm standing in the flames  
It's a beautiful kind of pain  
Setting fire to yesterday  
Find the light, find the light, find the light  
Feel the burn, watch the smoke as I turn  
Rising, a phoenix from the flames  
With wings I will fly  
I'm standing in the flames  
It's a beautiful kind of pain  
Setting fire to yesterday  
Find the light, find the light, find the light  
I'm standing in the flames  
It's a beautiful kind of pain  
Setting fire to yesterday  
Find the light, find the light, find the light
