Desensitized

Jonah33

Subliminal images crawl upon my screen
Taking what is meant for good
And making it obsceneIm growing numb
But what is wrong and what is right
When did I start to lose this fight?

Somehow I lost track of who you areIm so amazed at what sins become Im so ashamed that Ive grown so numb

Somehow I became desensitized

I dont want to be desensitizedJustify the reasons why

I stare through my calloused eyes Im hollowed out, spiraled down

Slave to my own demiseIm growing numb

But what is wrong and what is right

When did I start to lose this fight?

Somehow I lost track of who you areIm so amazed at what sins become

Im so ashamed that Ive grown so numb

Somehow I became desensitized

I dont want to be desensitizedSo what is wrong and what is right

When did I start to lose this fight?

Somehow I lost track of who you areIm so amazed at what sins become

Im so ashamed that Ive grown so numb

Somehow I became desensitized

I dont want to be desensitized

I dont want to be desensitized
