

Too Simple

Tristram

I don't really wanna drive home
But as soon as I arrive home
Yeah, I moved on
Some things in life are too simple
Some things in life are too simple I don't really wanna drive home
But as soon as I arrive home
Yeah, I moved on
Some things in life are too simple
Some things in life are too simple Some things in life are too simple
Some things in life are too simple I don't really wanna drive home
But as soon as I arrive home
Yeah, I moved on
Some things in life are too simple
Some things in life are too simple I don't really wanna drive home
But as soon as I arrive home
Yeah, I moved on
Some things in life are too simple
Some things in life are too simple Some things in life are too simple
Some things in life are too simple I don't really wanna drive home
But as soon as I arrive home
Yeah, I moved on
Some things in life are too simple
Some things in life are too simple I don't really wanna drive home
But as soon as I arrive home
Yeah, I moved on
Some things in life are too simple
Some things in life are too simple
