

This War Is Ours (The Guillotine Part II)

Escape the Fate

We have to find a better way
Out of this tragedy
As the battle rages on
Blood strikes the clabbered hood
My ears, they hurt like shit
Great soldiers are dying
What part is this alone?

You shout, "This war is ours, this war is ours"
Yes, I will see you through the smoke and flames
On the front lines of war
(We have to find a better way)
And I will stand my ground until the end
Till we conquer them all
(We have to find a better way)
Through the fire and the flames
I see your death, time bid its stay
We march the fight into the cold
This is as far as you will go
The middle is a covered hill
This is where we conquer fear
Arm the cannon with a shot

This war is ours, yeah, this war is ours
Yes, I will see you through the smoke and flames
On the front lines of war
(We have to find a better way)
And I will stand my ground until the end
Till we conquer them all
(We have to find a better way)

Till we conquer them all
Yes, I will need you through the smoke and flames
On the front lines of war
And I will stand my ground until the end
Till we conquer them all
We will conquer them all
We will conquer them all

We will conquer them all, oh
This war is ours, yeah, this war is ours
Yes, I will see you through the smoke and flames
On the front lines of war
And I will stand my ground until the end
Till we conquer them all
So I will fight my battle till I fall and I conquer them all
Till we conquer them all
Go, yeah
This is why
Why, why, why, why, why, why, why
This is why
