

# Kid

## Laura Marie

'Don't kid yourself' isn't that what we said?  
Be happy and stupid on lies that you're fed.  
So quit looking at me like I meant what I said.  
No, I don't want to do something I could regret.  
How noble and true, how absurd could I get?  
If I wanted to leave, why haven't I left?  
Some things are good and some true.

Speak of the devil, it's you. 'Don't kid yourself' isn't that what they say when you're living a lie  
'Don't kid yourself' like there's no greater good than the good in goodbye  
How you're under my skin is over my head.

I left you at least twenty feet from the bed.  
If I don't want to leave, could you leave me instead?  
There's no use in taking it slow  
For something you already know. I'm left alone with you-the only living proof that you're here  
when there's nobody left but the truth
