

# Golden Retriever

[Miss Li](#)

Hey said the devil  
When I met her at the roundabout  
She's got powers  
Magnetic devours you of everything you've got  
She's a golden retriever  
Retrieves your oldest coin  
Leads you blindly down every dark alley  
Then she'll bleed you dry  
Stop! Said the puppy  
When I met him at the zebra cross  
She said "You need protection  
From every direction  
But she'll get you anyhow"  
She's a golden retriever  
Retrieves your oldest coin  
Leads you blindly down every dark alley  
Then she'll bleed you dry  
She's a golden retriever  
She's a golden retriever  
Golden retriever  
Golden retriever  
Golden retriever  
Golden retriever  
Golden retriever  
Golden retriever  
Golden retriever  
Golden retriever
