# Voodoo

## Vandenberg

She, she don't seem strange to me, I was in love and too blind to see, oh
She (she) warned me to treat her right (get that warning)
She wouldn't let no one hurt her inside, no
Chorus:
She is such a voodoo, she won't let me go - should have believed her before
She is such a voodoo, needles in a doll, everything's been my own fault
Still I see that look in her eyes (get that warning)
And she said she's sad with me or my life (tell me what you told her then)
When (when) I told her it's over (now it's over)
She just said "No (no), I won't let you go" (she'll never let you go)
(chorus)
When I tried to get away, suddenly everything hurts
She's got a way to make me stay, kind of a voodoo curse
(Solo)
(chorus)
She won't let me go (she), she won't let me go (she is such a voodoo)
It's my own fault!
