

# My Name Is Liar

## Highasakite

My name is liar, and I'm friends with sin.  
I am on fire, and broken from within.  
Enemies of freedom, freedom itself is under attack.  
I want you to be like lancers, their swords confronting the enemy. I am one with what I am.  
I am one with what I am. In alliance, in alliance with a liar,  
Like idiots, idiots, idiots.  
In alliance, in alliance with a liar,  
Like idiot, idiots, idiots, idiots.  
My name is horror, and I am sharing sheets with shame.  
I have no sense of honor, and I am not the one to blame. I am one with what I am.  
I am one with what I am. In alliance, in alliance with a liar,  
Like idiots, idiots, idiots.  
In alliance, in alliance with a liar,  
Like idiot, idiots, idiots. My name is liar, I'm in love with fire.  
Counting the number, when I'm up to seven.  
I have no inside, you have no molecules.  
My name is liar, I'm in love with fire.  
Counting the number, when I'm up to seven.  
I have no inside, you have no molecules.  
You have no molecules.  
In alliance, in alliance with a liar,  
Like idiots, idiots, idiots.  
In alliance, in alliance with a liar,  
Like idiot, idiots, idiots, idiots.  
In alliance, in alliance with a liar,  
Like idiots, idiots, idiots.  
In alliance, in alliance with a liar,  
Like idiot, idiots, idiots, idiots.
