Dancing on the Sun

Bahari

[Chorus]
We know the road ahead is long
We only make it if we're strong
The world we know now (the world we know now)
In time will be gone (in time will be gone)
One day we'll be dancing on the sun[Verse 1]
Two tone vans, a bike for a car
Slip and slide in the backyard[Pre-Chorus]
People all over the world
Let's agree to disagree
You do you, let me do me[Chorus]
We know the road ahead is long
We only make it if we're strong
The world we know now (the world we know now)
In time will be gone (in time will be gone)
One day we'll be dancing on the sun[Verse 2]
Bell goes off, Ray-Bans on
Staying out 'til the break of dawn[Pre-Chorus]
People all over the world
Let's agree to disagree
You do you, let me do me[Chorus]
We know the road ahead is long
We only make it if we're strong
The world we know now (the world we know now)
In time will be gone (in time will be gone)
One day we'll be dancing on the sun[Bridge]
Until that day comes
We'll be running on the wind
Blowing like a breeze
While somebody's dancing
'Til that day comes
We'll keep on taking chances
Following the sound
While we're dancing on the sun[Chorus]
We know the road ahead is long
We only make it if we're strong
The world we know now (the world we know now)
In time will be gone (in time will be gone)
One day we'll be dancing on the sun[Outro]

On the sun, on the sun
One day we'll be dancing
One day we'll be dancing
One day we'll be...
One day we'll be...
One day we'll be dancing on the sun
On the sun, on the sun
One day we'll be dancing on the sun
