

Tonight

Tonight
You're all I need in my life
Tonight
You're all I need in my life

How the moon looks so strange tonight
Has she not a strange look tonight
She looks naked too
The clouds are seeking clothes for her
I'm quite certain she's looking for them too
Wouldn't you
I would too

There's no wind
But there's a wind that blows
It burns the heart
Reveals you're not alone
You're all I need

Tonight
You're all I need in my life
Tonight
You're all I need in my life

In the eyes of Herodias
Herod eyed Salomé too much
He begged her begin
Like the moon her skin was pale
When she removed
The last and seventh veil
She was naked too
She looked just like you

There's no wind
But there's a wind that blows
Disrobes the sky
Reveals you're not alone

You're all I need tonight

There's no wind
But there's a wind that blows
And there's no sun
But there's a light that glows
You're all I need

Tonight
You're all I need in my life
Tonight
You're all I need in my life

Tonight.....Tonight
Tonight.....Tonight
Tonight.....Tonight
Tonight.....Tonight
