

# If It Don't Take Two

[Shania Twain](#)

It takes two to tango  
And two lips to seal a kiss  
But a flame and a candle  
Won't burn on a night like this  
If it don't take two It takes two to go one way  
And two winds to be strong enough  
But you can't sail on a still day  
Like two ships on a sea of love  
If it don't take two No, I knew what he had to do  
Ooh oh yeah  
He sent us out in the world  
Walkin' two by two, oh If it don't take two  
If I'm not with you  
No, it ain't worth goin' through  
If it don't take two It takes two hearts with one beat  
And it takes two to say 'I do'  
But this champagne won't taste sweet  
And the dream just won't come true  
If it don't take two No, I knew what he had to do  
Ooh oh yeah  
He sent us out in the world  
Walkin' two by two, me and you If it don't take two  
If I'm not with you  
No, it ain't worth goin' through  
If it don't take two He sent us out in the world  
Walkin' two by two  
Me and you  
Baby If it don't take two  
If I'm not with you  
No, it ain't worth goin' through  
If it don't take two No, it don't take two  
If it don't take two  
No, it ain't worth goin' through  
Baby, if it don't take two
