

Keep Falling

Fink

Wanna know what I'm thinking, why I can't sleep at night
Wanna know what I'm drinking, a double of anything's fine
'cause I'm alright now, 'cause I'm alright
I'm alrightWanna know what it feels like, to be so far from home
I've been on the wrong side baby for so long
That it feels right now, it feels right
It feels rightKeep falling, until you can't fall no more
Until you feel like, you've been falling for way too long
Then you will know about me, baby, you'll know about me
Then you will know about meWanna know where we're heading, when we all get kicked out
I see you carefully treading on the fire I already put out
That's alright now, that's alright
That's alrightWanna know where it's going, well I guess that depends
Meet me back at the start, back at the part where we know how it ends
It ends alright now, it ends alright
It ends alrightKeep falling, until you can't fall no more
Until you feel like, you've been falling for way too long
Then you will know about me, baby, you'll know about me
Then you will know
About meIt's alright now, it's alright
It's alright.
