Life Is Like A Musical

Outkast

N-n-n-not too far but long ago
When life was straight up and cars would move slow
(Move slow)
When you were cool if you were pigeon-toed
But things have changed
(It ain't so simple)
Now life is a musical
I called Big Boi on the telephone
(Ring, ring)
I said, "Hey, hold up 'fore we put out another song"
Say no matter what goes down we stand strong
?Cause ain't nothin' changed
(It's simple)
Hey, let's make a musical
Based on fic and faction
No verse fight so throw in some action
(Action)
And you got us well to a fraction
?Cause things have changed
(It's all hood)
The Kast go Hollywood
Don't let 'em, don't let 'em
Don't let 'em, don't let 'em
Change us, change us
Change us, change us
Don't let 'em, don't let 'em
Don't let 'em, don't let 'em
Change us, change us
Change us, change us
Don't let 'em, don't let 'em
Don't let 'em, don't let 'em
Change us, change us
Change us, change us
Don't let 'em, don't let 'em
Don't let 'em, don't let 'em
Don't let 'em, don't let 'em
Don't let 'em, don't let 'em
Don't
