

# Thousands On a Raft

## Pete Brown & Piblokto!

They took hold of my good idea  
Then put it down and laughed  
They said I needed several more  
And now I'm working on the set  
Of thousands on a raft  
Thousands on a raft  
They knew that I'd been buffaloed  
And hippoed and giraffed  
They knew how bad my training was  
And now I'm on safari  
With thousands on a raft Oh thousands on a raft  
They push for all they're worth  
Tied together to prevent  
Falling off the earth  
So kick your neighbour overboard  
And take the plunge yourself  
You might end up as a sponge  
On somebody's shelf They're dancing in the mines tonight  
Along the sunlit shafts  
It reminds me of my last head  
And now I sleep with Constance Fright  
And thousands on a raft  
Thousands on a raft I looked into the future years  
And all I saw was graft  
I think it was from town to town  
So now I'm living on the road  
With thousands on a raft  
Thousands on a raft  
Oh thousands on a raft  
Think it's sink or swim  
No one stands much of a chance  
It's you or me or him  
So grab hold of the nearest soul  
And save it if you can  
You might end up as its lunch  
Or become a van I slept out in the howling gale  
And didn't feel the draught  
I was thinking something very warm  
Now I'm in jail inside the whale

With thousands on a raft  
Thousands on a raftMy future's in a paper cup  
My body's overstuffed  
I forgot when I last saw a face  
And now I'm drifting out to sea  
With thousands on a raft  
Thousands on a raft
