Nowhere, Massachusetts

Black Prairie

It was wintertime I was watching the boys shoot rockets at the girls
January, New Year and I'm watching the northern lights swirl
You were in Nowhere, Massachusetts
You were in Nowhere, Massachusetts

Now I'm in New York City and I'm watching the birds and the dogs
All the ladies laughing and men with their dirty thoughts
You were in Nowhere, Massachusetts
You were in Nowhere, Massachusetts

It was wintertime I was watching the boys shoot rockets at the girls
January, New Year and I'm watching the northern lights swirl
You were in Nowhere, Massachusetts
You were in Nowhere, Massachusetts

You were in Nowhere
You were in Nowhere
You were in Nowhere
You were in Nowhere, Massachusetts

You were in Nowhere
You were in Nowhere
You were in Nowhere
You were in Nowhere
You were in Nowhere
You were in Nowhere
