

# Queens Of Noise

## The Runaways

With a pinch of rock and a dose of roll  
I can warm you up if you get too cold  
I can bring you up when you're going down  
I can smash your head all over this town  
You gave me the answer  
Now I got the answer, oh yeah'Cause we're the queens of noise  
Come and get it boys  
Queens of noise  
Not just one of your toys  
I remember you at our second show  
You were holding on and you wouldn't let go  
And I bet you'll always be that way  
Whenever you see us start to play  
You gave me the answer  
Now I got the answer, oh yeah'Cause we're the queens of noise  
Come and get it boys  
Queens of noise  
Not just one of your toys  
Queens of noiseQueens of noise  
Come and get it boys  
Queens of noise  
Not just one of your toys  
Queens of noise  
Come and get it boys  
Queens of noise  
Not just one of your toys  
Queens of noise
