

Out On The Streets

Twisted Sister

I walk alone through sleepless nights
I'm just another number, somethin' just ain't right
Searchin' for somethin' in this human zoo
Kaleidoscope of faces, maybe, maybe it might be you
I feel like I lost my way
Things get darker every day that I stay
CHORUS: You're out on the streets, livin' on your own
You're out on the streets, so far from home
When you're out on the streets you can't understand what's goin' on
You're out on the streets, your heart's your only home
The mind it wanders through shattered dreams
Hours pass in seconds and my heart, it screams
I can't fight the past, I force back all of my tears
'Cause there ain't no turnin' back, minutes, minutes turn to years
Someone listen to my prayers
Can't help feelin' no one cares, no one dares
REPEAT CHORUS Solo - Eddie
Maybe there's a place for me
Is my dreaming to be free, fantasy
REPEAT CHORUS
You're out on the streets, you're livin' on your own
You're out on the streets, so far, so far from home
When you're out on the streets I can't understand what's goin' on
You're out on the streets, your heart's your only home
