

Beware My Love

Matthew Sweet

Have to wonder if I care
If I want to know you only
As if you weren't really there
You begin to touch me slowly I don't feel it any more
Than I feel the path I follow
Everything I gave away
Was supposed to come back I believe my love
I didn't mean to hurt you
Beware my love
You know you don't
Deserve to be abused Ask me if I want to know
No I won't be needing to
I got a message from the country
And I'll be leaving soon Believe my love
I didn't mean to hurt you
Beware my love
You know you don't
Deserve to be abused my love
I didn't mean to hurt you for myself Believe my love
I didn't mean to hurt you
Beware my love
You know you don't
Deserve to be abused my love
I didn't mean to hurt you Beware my love
You know you don't
Deserve to be abused Have to wonder if I care
If I want to know you only
