Paperwalls

Strung Out

A look of discontentement fills your hazel eyes
As I ask for the millionth time what's goin' on?
You seem to be confused about just where you stand with me tonight
As we tear apart all that wasn't lost to another fightAnd so we turn against each other once again
Talkin' to myself again 'bout all the things I should've said
You run and I go hide
And I wait for you
I wanna know where this is going
I still wait for you
I made a promise to myself no to let this goAnd do we still have a chance to save what we haven't lost again
But now I need to see this trough
To burn these paper walls of doubt
And so we turn against each other once againYou run and I go hide
Talkin' to myself again 'bout all the things I should've said
And I wait for you
I still wait for you
My fucked up head is spinning round
And all my toughts just keep me down
Here on your doorstep I'm drunk againI know youre sick of all my shit
So tell me right now where do you stand?
And I know you wanna end all this
And I know your tired of all ma waysI know youre tired of this waiting game
I know your tired of it all
Just tell me nowAnd do we still have a chance to save what we haven't lost inside
I wanna know where this is going
All these paper walls we build
get in the way x2
And all the ashes that have spilled
And so we turn against each other once againYou run and I go hide
Talkin' to myself again 'bout all the things I should've said
I still wait for youAnd I wait for you
