

# Paperwalls

## Strung Out

A look of discontentement fills your hazel eyes  
As I ask for the millionth time what's goin' on?  
You seem to be confused about just where you stand with me tonight  
As we tear apart all that wasn't lost to another fight  
And so we turn against each other once again  
Talkin' to myself again 'bout all the things I should've said  
You run and I go hide  
And I wait for you  
I wanna know where this is going  
I still wait for you  
I made a promise to myself no to let this go  
And do we still have a chance to save what we haven't lost again  
But now I need to see this trough  
To burn these paper walls of doubt  
And so we turn against each other once again  
You run and I go hide  
Talkin' to myself again 'bout all the things I should've said  
And I wait for you  
I still wait for you  
My fucked up head is spinning round  
And all my thoughts just keep me down  
Here on your doorstep I'm drunk again  
I know you're sick of all my shit  
So tell me right now where do you stand?  
And I know you wanna end all this  
And I know you're tired of all my ways  
I know you're tired of this waiting game  
I know you're tired of it all  
Just tell me now  
And do we still have a chance to save what we haven't lost inside  
I wanna know where this is going  
All these paper walls we build  
get in the way x2  
And all the ashes that have spilled  
And so we turn against each other once again  
You run and I go hide  
Talkin' to myself again 'bout all the things I should've said  
I still wait for you  
And I wait for you
