

# Stranger (Prod. by Drumma Boy)

Usher

{Drumma Boy} Said you'll never give away your heart again  
I'll be knockin' til you let me in  
I know you told me, you'd rather be lonely  
You don't even know me  
That's why I no longer wanna be a stranger Sorry you put your trust in others and they let you down  
(let you down)  
And all the secrets an unknown evidence now in the open that you found, oh  
(that you found, oh)  
Cried yourself to sleep so many nights said you'd never again  
I'm not the one you hold it against  
Baby its not my blame Yeah you independent as hell  
And doin' it by yourself  
But what you gon' do when the night time get cold  
I know you told me, you'd rather be lonely (lonely)  
You don't even know me  
I ain't moving out the way for nothing, I'm stubborn Cause you said you'd never, give away your heart again  
I'll be knockin' til you let me in  
I know you told me, you'd rather be lonely  
(I want the title of your closest friend)  
You don't even know me  
That's why I no longer wanna be a stranger Tell me  
What I gotta do  
What I gotta do  
What I gotta do, do  
What I gotta do  
What I gotta do  
What I gotta do  
Yeah Your stuck inside no matter how hard you try to forget  
(to forget)  
Don't you wish there was a button we could reset  
And make it easy  
But you can't take back the decision that you made to love  
No, oh no  
I know its the one that you regretting, not too proud of, no  
Because you keep tellin' me Yeah you independent as hell  
And doin' it by yourself  
But what you gone do when the night time get cold  
I know you told me, you'd rather be lonely  
You don't even know me

I ain't moving out the way for nothing, I'm stubborn  
Cause you said you'd never give away your heart again  
I'll be knockin' til you let me in  
I know you told me, you'd rather be lonely  
(I want the title of your closest friend, baby)  
You don't even know me  
That's why I no longer wanna be a stranger  
Baby tell me  
What I gotta do  
What I gotta do  
What I gotta do  
Baby tell me  
What I gotta do  
What I gotta do  
What I gotta do  
What I gotta do  
I remember the break up  
And the condition that my heart was in  
But I would never surrender  
No no  
I gotta be stronger, there's nothing time can't heal  
Girl, I know your scarred  
All I ask is a chance to come in and do my part  
It's nothing but fear and you've been holding on since  
Too under pressure and I see us sinking in  
Said you'll never give away your heart again  
I'll be knockin' til you let me in  
I know you told me, you'd rather be lonely  
You don't even know me  
That's why I no longer wanna be a stranger  
What I gotta do  
What I gotta do  
What I gotta do  
What I gotta do  
What I gotta do  
What I gotta do
