

Moonlight (feat. Vivien & T.R.)

Janji

It's time to realise,
That what we have is,
Hard to find. We'll give this summer,
To each other.
And feel light...
Under the moonlight.
Under the moonlight.
Celebrating love under the moonlight.
Under the moonlight.
Under the moonlight.
Celebrating love under the moonlight. Dancing on the beach,
All night.
Sunkissed skin lookin' so fine.
We'll get together and dance forever.
Moonlight!
