

Wide Awake in a Dream

Barry Biggs

Oh, we're gonna make this a big one I'm checking out my native city,
I can feel the blood in my veins
And my nerves are weak and my heart is just about to collapse,
I'm kind of desperate, something must happen
I'll leave for a chance right now,
And I'll leave a for rock 'n' roll ride
So come on, don't stop, I want you, it's too fast now
I want you, I'm feelin' just fine,
I want you, to kill this pressure
It's getting much too high, You asked me how long I've played electric guitar
And you asked for my autograph,
And you asked if I mix up my whiskey with water
I tell you be sure,
I'm kind of desperate, something must happen
I'll leave for a chance right now,
And I'll leave a for rock 'n' roll ride
So come on, don't stop
