

# Citrus

[Holly Henry](#)

Love you found me in the trees  
Citrus on my lips  
Lemon tea on my fingertips  
Are you fascinated? x2 Love you were up in the sky  
Only boy who wasn't mean  
Baggy full of green  
Do I love you?  
Wow I think I do One day we'll live in a house  
Citrus on my hands  
And you won't fly away again  
Will you always like me?  
Do you think you'll always like me? Love you found me in the trees  
Citrus on my lips  
Lemon tea on my fingertips  
Are you fascinated? x2
