

# Heart Attack

Nlt

Can't walk, can't think, eyes too weak to blink  
Situation stinks and it's all because of you  
What am I to do, can't stomach no food?  
I don't know what to do and it's all because of you  
Don't know what's wrong with me, how's this happening?  
Baby, can't you see that it's all because of you?  
Feel like I'm 'bout to die, don't even know why  
I don't even know why  
I got this feeling beating through my heart  
And it won't go away, girl  
A constant pain making in my chest  
I could collapse at any minute, mummy  
Doctor, won't you please prescribe me something  
Strong enough to take this pain away?  
It's because of you I'm feeling this way  
You give me symptoms of a heart attack, girl  
Baby, you're giving me, you're giving me a heart attack  
Baby, you're giving me, you're giving me a heart attack  
Girl, I'm suffering and I'm struggling  
Can't stop coughing and it's all because of you  
I can barely stand, my body's on high demand for your medicine  
And it's all because of you  
Got to heal myself but I need your help  
You and no one else, baby, tell me what to do  
I'm in so much pain, can't use my brain  
Got me going insane  
I got this feeling beating through my heart  
And it won't go away, girl  
A constant pain making in my chest  
I could collapse at any minute, mummy  
Doctor, won't you please prescribe me something  
Strong enough to take this pain away?  
It's because of you I'm feeling this way  
You give me symptoms of a heart attack, girl  
Baby, you're giving me, hey, you're giving me a heart attack  
Baby, you're giving me, hey, heart attack  
Baby, you're giving me, you're giving me a heart attack  
Baby, you're giving me, you're giving me a heart attack  
I got this feeling beating through my heart

And it won't go away, girl  
A constant pain making in my chest  
I could collapse at any minute, mummy  
Doctor, won't you please prescribe me something  
Strong enough to take this pain away?  
It's because of you I'm feeling this way  
You give me symptoms of a heart attack, girl  
You're giving me a heart attack  
Ho, heart attack  
You're giving me a heart attack
