Jade-Dust Eyes

Shudder to Think

Jade-dust eyes, I love you and I lust time as much. So give me all yours and time untie me. Time's uptight, it never smiles or sighs, it just clicks. Jade- dust eyes, I miss you and I misplace my mind. So will you mind it? 'Caus I don't mind if you mind mine, you smile and sigh,and time just clicks. Jade- dust eyes, I see you and I don't want to blink. And you could fall down my skull, unwind my spine, and know my smiles and sighs.
