

These Are Days

10000 Maniacs

These are the days, ohh
These are days, you'll remember
Never before and never since, I promise
Will the whole world be warm as this and as you feel it
You'll know it's true that you are blessed and lucky
It's true that you are touched by something
That will grow and bloom in you
These are days, you'll remember
When may is rushing over you with desire
To be part of the miracles you see in every hour

You'll know it's true that you are blessed and lucky
It's true that you are touched by something
That will grow and bloom in you
These are days
These are the days you might fill with laughter until' you break
These days you might feel a shaft of light make it's way across your face
When you do you'll know how it was meant to be
See the signs and know their meaning
It's true, you'll know how it was meant to be
Hear the signs and know they're speaking to you, to you
