

# Things You Say

## Whitney Houston

(Oh baby, oh baby, oh baby, yeah yeah yeah yeah)

Such a pleasure loving you

It's all mine

I smile each day I wait

I feel better knowing you

Ooh you've got me thinking

It's better to give than take

I don't have to beg you to

You're so good to me

Carries me from day to day

I appreciate the things you do

Ooh but there's one thing

I have to tell you boy

I dig your actions

But I love the things you say

I listen to the things you say

Things you say

Ooh you're calling me oh oh

I listen to the things you say

To me baby

In a poem or a card

Serenade my heart I listen to the things you say

Ooh you're calling me oh oh

I listen to the things you say

To me baby

In a card or a song

Serenade me

Lovely letters come from you

At times I know I don't deserve

Any weather you'll come through

You've got me gleaming

I feel more than I'm worth

You're my treasure

I'll take you over anything

That's pleasing on this earth

I appreciate the things you do

But there's one thing

I have to tell you boy

I dig your actions

But I love your wordsChorusEvery word that you say  
Makes the day much brighter  
(Sing to my heart)  
Melody that you play  
I hear right away  
And my heart is lighter  
Speak to my heart boy oohChorus
