Wooden Jesus

Great White

Down the road in my car
A wooden Jesus on my dashboard
Go to work to stay alive
I'm just a sinner tryin' to surviveYeah, we commit all those deadly sins
But I don't worry, 'cause I got my friendI got my wooden Jesus in my car
He's always with me, never too far
Yeah, my wooden Jesus forgives me
I'm a sinner that's why I believe in my wooden JesusWake up in the mornin' sun
On my dresser got another one
Say a prayer to start my day
Maybe the big man will show me the wayA money maker down in east L.A.
Stampin' 'em out, ten thousand a dayI got a wooden Jesus in my car
He's always with me, never too far
Yeah, my wooden Jesus, He's my friend
I've been a lion layin' down with the lambI got my friend, got my soul
Why He forgives me, God only knows
'Cause He's a wooden Jesus, wooden Jesus, yeah
Wooden Jesus, oh yeahOh, Lordy take me on away from here
Take me down the road to salvation
Help me Jesus, tryin' to find my way
Send me a revelationI got a wooden Jesus in my car
Got him stittin' on my dashboard
Wooden Jesus shows the way
He keeps me ready for that judgment dayHe's my wooden Jesus forgivin' me
I need a Savior, so I try to believe
In my wooden Jesus doesn't mind
He always loves me, He's my kind of a wooden Jesus
Wooden Jesus yeah, wooden JesusTen thousand, maybe more
Wrapped with string on a cheap old board
Cast iron believe me
$5.95 will buy your reprieveWooden Jesus yeah, He's my friend
Show me the way, keep me ready for that judgment day
Wo wo wo wo, wooden Jesus, yeah
On the dashboard of my car
