

Anyway

BRYAN ART

Pornography

Well, I pretend I can't hang up the phone
'Cause if I do then he gets you
And I'll be in this room alone
 Staring at the carpet
 Wondering how they made it
And you would say I should not be afraid
 I'm better off alone and free
 'Cause no one can put up with me
 And your mom don't like me either
 Now I don't have to meet her
 You and me
 We end up in catastrophe
 But I have got one more thing to add
 Okay, so I'm a jerk and I'm a weirdo
 And even if I'm lucky I'll amount to zero
 But I thought that you'd love me anyway
 I'm so not even worth it
 But baby, no one's perfect
 Yeah, I thought that you'd love me anyway
 Anyway
 You're not the type of girl who takes advice
 Still all that shit your parents said
 Still bouncing round inside your head
 "You two will never make it, if you build it, he will break it"
 You and me
 They sum us up so poignantly
 But I have got one more thing to add
 Okay, so I'm a jerk and I'm a weirdo
 And even if I'm lucky I'll amount to zero
 But I thought that you'd love me anyway
 I'm so not even worth it
 But baby, no one's perfect
 Yeah, I thought that you'd love me anyway
 Anyway
 Maybe you'll never play the guitar
 And maybe you'll never sing in harmony with me
 Maybe you can't rock the AC/DC
 Well, hell still ain't a bad place to be if you're with me

Anyway

Okay, so I'm a jerk and I'm a weirdo
And even if I'm lucky I'll amount to zero
But I thought that you'd love me anyway

I'm so not even worth it

But baby, no one's perfect

Yeah, I thought that you'd love me anyway

Anyway

And the end goes like this
