Uncontrollable

JerryÂ´s Kids

Uncontrollable x3 (echoed)
He ain't beside you, she ain't with me
Nobody in view, the city, the city
Is just us two
We gotta good decision to make
Do we go or we stay right now?
Are we doing this and walking away?
Don't say no, keeping it low
They won't know,
Breaking down is uncontrollable
We don't, gotta move slow
They won't know, breaking down is uncontrollable
I know I refuse, electric appeal
We got it just, so let go go
Don't say no, keeping it low
They won't know,
Giving up is uncontrollable
No need to worry
No need to call
Your secret is safe with me
The writing, the writing is on the wall
We had a good decision to make,
Do we go or we stay right now?
Are we doing this, walking away?

Don't say no, keeping it low
They won't know,
Breaking down is uncontrollable
We don't, gotta move slow
They won't know, breaking down is uncontrollable
I know I refuse, electric appeal
We got it just, so let go go
Don't say no, keeping it low
They won't know,
Giving up is uncontrollable
It's uncontrollable, eh
It's uncontrollable, eh
It's uncontrollable, eh
We had a good decision to make,

Do we go or we stay right now?
Are we doing this and walking away?
Don't say no, keeping it low
They won't know,
Breaking down is uncontrollable
We don't, gotta move slow
They won't know, breaking down is uncontrollable
I know I refuse, electric appeal
We got it just, so let go go
Don't say no, keeping it low
They won't know,
Giving up is uncontrollable
Uncontrollable x3 (echoed)
