

Narrative Call (Skit)

Ashanti

Me and this guy had a
Real strange relationship
It's like we had some kind
Of power over each
Other
I remember this one time
He called me
It had to be like, four in the mornin'
Pourin' rain outside
And I was "knocked out"
But it was like when I heard his voice
Somethin' got me out of bed
And I had to come to him
And it was like
"Whenever you call, I came runnin' "
