

Lu

RBE

Silver was the color, winter was a snowbell
Mother of the wind boys, living off the lovewell
Always living off the lovewell, lovewell with LuAnd everybody's calling Luie, Luie Luie, you got a thing about
you
Keep the light going for Luie and Luie keeps on pushing through, through
He keeps on pushingAmber was the color, summer was a flame ride
Cooking up the noon roads, walking on God's good side
I was walking on God's good side, God's good side with LuAnd everybody's calling Luie, Luie, Luie, you got a
thing about you
Keep the light going for Luie and Luie keeps on pushing through, through
Keeps on pushing through, through, he keeps on pushingI will always be fair, be there for Lu, Lu, forever and
ever more
Everybody, everybody, everybody yeah, yeah, yeah
And everybody's calling Luie, calling Luie
Everybody's calling Luie, calling my manMy man Luie, calling Luie
My man Luie, calling Luie
My man Luie, calling Luie, Luie, people in the cafe corner
My man Luie, calling Luie
My man Luie, calling Luie
My man Luie, calling Luie, Luie, people in the cafe corner
