

# Ride

## Rico Love

The winter's too cold, the summer's too hot  
The days too long, the bullsh-- don't stop  
The worlds gonna be here, whether you stay here or not Oh no, I know  
Ah, who knows where the road will take you?  
Ah, just make sure you don't let it break you,  
Enjoy the ride  
You don't get much time, so make it the time of your life  
Cause I'm enjoying mine  
Cause I'm enjoying mine Ride, ride, ride, ride, ride, ride,  
Ride, ride, ride  
Turn the light on  
Ride, ride, ride Winter too cold, summer too hot The winter's too cold, the summer's too hot  
And even if it all goes wrong,  
At least we gave it all we got One day we gotta leave here,  
Might as well leave here on top  
Oh no, I know  
Ah, who knows where the road will take you?  
Ah, just make sure you don't let it break you,  
Enjoy the ride  
You don't get much time,  
So make it the time of your life,  
Cause I'm enjoying mine, cause I'm enjoying mine Ride, ride, ride, ride, ride, ride,  
Ride, ride, ride  
Turn the lights on  
Ride, ride, ride Winter too hold, summer too hot  
Winter too hold, summer too hot
