

# Common Thief

Vicki Sue Robinson

(You're no better, You're no better)  
(You're no better, You're no better)Look at me now,  
See where I've been  
It ain't getting pretty  
Down on bitter endThe one I was for, no, no, no  
He just wasn't for me  
He thought he could steal  
The love that belonged to meAnd if that's your belief (You're no better)  
You're no better than a common thief  
If that's your belief (You're no better)  
You're no better than a common thief  
No, no, no, no, noJust look at me now  
No, no, no, no, don't turn away  
You see I'm the same  
As I was just the other dayWell I was for you  
Ah, no, no, no, but you just used me  
Ooh, you thought you could steal  
The love that belonged to meAnd if that's your belief (You're no better)  
You're no better than a common thief  
If that's your belief (You're no better)  
You're no better than a common thief  
No, no, no, no, no way(You're no better, You're no better)  
(You're no better, You're no better)  
(You're no better, You're no better)  
(You're no better, You're no better)Hey, hey, hey you...Just look at me now  
No, no, no, no, no don't turn away  
Ah, you see I'm just the same  
As I was just the other dayWell I was for you  
Oh yeah, yeah oh, but you just used me, yeah  
Ooh, you thought you could steal  
The love that belonged to meAnd if that's your belief (You're no better)  
You're no better than a common thief  
No, if that's your belief (You're no better)  
You're no better, common thief  
Oh, if that's your belief, babe(You're no better, no)  
(You're no better, no)And if that's your belief (You're no better)  
You're no better than a common thief  
No, if that's your belief (You're no better)  
You're no better, common thiefOh, if that's your belief, baby (You're no better)

Ah, You're no better, Ah, you're no better, you're no better  
Than a common thief (You're no better)  
You're no better, common thief
