

Out Getting Ribs

King Krule

[Verse 1]

And hate runs through my blood
Well my tongue was in love
But my heart was left above
I've got to be leaving now
I thought I'd never be shot down
But girl I'm black and blue
So beaten down for you
Well I'm beaten down in bloom[Chorus]

Don't break away

I waste away

Don't break away[Verse 2]

And lay me out across the grey
Hours I should have kept at bay
Well I had a chance to get away
I can't escape my own escape
Even more when it's sweet to the taste
Red stairs lead sense astray
I look up and seek for faith
Oh but girl just lean over and say
Well lay me down

Pull me out

Well take my crown again

He's submerged in doubt[Verse 3]

But wait, I make my last request

See this could be the best

But blue I need to rest

See I been broken down

So much has lost it now

I just stop and say

Girl don't you worry 'bout a thing

Baby, blue
