Here To Deliver

Avalon

Call me, I'll hear your cry
I'm as close as a prayer
And I'm here to deliverSaw you standing on the corner
Of the street that turns to doubt
What were you doing?Does the running from the questions
That pursue you, wear you out?
What are you proving?You're searching and seeking
You're reaching
You're needing a SaviorCall me, I'll hear your cry
I'm as close as a prayer
And I'm here to deliver
Dont need to ask me twice
'Cause I'm here to deliver youIs it true that you are everywhere
But where you want to be
Caught in the fire?Are you looking for a love
That will finally set you free
Is that your desire?Keep asking and seeking
You're knocking
You're needing a SaviorCall me, I'll hear your cryI'm as close as a prayer
And I'm here to deliver
Dont need to ask me twice
'Cause I'm here to deliver
Deliver my loveCall me, if youre in need
I'm as close as a prayer
And I'm here to deliver
Don't have to beg or plead
'Cause I'm here to deliver youIts gonna be alright, ya
Gonna be alright now, youll see
Its gonna be alright, ya
Gonna be alright, with meKeep asking and seeking
Keep knocking
You're needing a SaviorCall me, I'll hear your cry
I'm as close as a prayer
And I'm here to deliver
Dont need to ask me twice
'Cause I'm here to deliver
Deliver my love
