## Alkaline Trio

You're on your own my little nightmare, you cannot stay here  
It's far too bright for you  
If they attack you just lay there  
Play dead dear, it's your only hope of pulling through And seconds they seem like a lifetime  
A dream, recurring, a dream that can't come true  
And they'll pin it all on you  
After all you've been put through Sadie G. she's crazy, see  
That's what the white coats say  
Now Ms. Susan A. you're losing  
Every opportunity to put us all away Now run along my little nightmare, your job is done here  
You've scared them all to death  
If they revive them just sit there  
Just smile dear, make them thankful for every breath The sentence may seem like a lifetime  
A scream that's curdling, the blood they found on you  
And your knives and clothing too  
Charlie's broken .22 Sadie G. she's crazy, see  
That's what the white coats say  
Now Ms. Susan A. you're losing  
Every opportunity Well they found you and they shipped you up the river  
The same way that you've bound and gaged, you've shot and stabbed  
You tried to set them free but they've thrown away the keys You represented a God to me that was so beautiful  
That I'd do anything for Him, I'd do anything for God  
Even murder, if I believed it was right  
How could it not be right if it is done with love? Because He said it was  
I have no remorse for doing what was right to me, I have no guilt in me
