

Hole in My Heart

Sleeping With Sirens

Rainy days, rainy days, won't you go away
(I said) I don't know why, don't know why, I've been this feeling this way
(And I) Look in the mirror, I don't like what I see (And I) Don't like the person staring right back at me
(But I) Gotta get myself together before I get weak It's okay, show them who you are
Everybody hurts, everybody's got scars
It's okay, standing in the dark
Shine a little light from the hole in my, hole in my heart Cloudy days, cloudy days, they are here to stay
I don't know why, don't know why, I've been this feeling this way
(And I) Can't stand the way everyone is looking at me
(So I) Keep my head down and I pray that no one can see
The tears I cry, yeah these tears I hide so you don't see the pain in me
It's okay, show them who you are
Everybody hurts, everybody's got scars
It's okay, standing in the dark
Shine a little light from the hole in my heart
Shine a little light from the hole in my heart
Shine a little light from the hole in my heart I am thunder, I am rain
I will set you free from the hurricane
Through the fire and the flames
Yeah, we all get burned and we burn through the pain I will help you through
You know I, I, I will be the light for you It's okay, show them who you are
Everybody hurts, everybody's got scars
It's okay, standing in the dark
Shine a little light from the hole in my heart
Oo, don't let them break you down
Don't let them tear you down, yeah
It's like a hole in my heart
Don't let them break you down
Don't let them tear you down, yeah
Just like a hole in my heart
